Graduating from SoftUni's QA Engineering path, I am transitioning my career into software quality assurance. My background as an editor in print and online media has given me a sharp eye for detail, structured thinking, and strong communication skills. I am motivated to apply these strengths to software testing while contributing to building high-quality products.

## QA & Testing Skills

- Manual Software Testing
- Test Case Design & Execution
- Bug Reporting & Tracking (Jira, Trello)
- API Testing (Postman)
- Unit Testing

## Technical Skills

- Databases: MySQL
- Programming: C#, JavaScript
- Version Control: GitHub
- HTML & CSS
- Tools: Visual Studio, VS Code, Postman
- SDLC

## Soft Skills

- Strong attention to detail
- Analytical thinking
- Ability to learn quickly and adapt to new tools
- Ability to work independently with documentation
- Teamwork & clear communication

- Responsibility and discipline
